

# RollAway II & III

Efficient, Functional, Customizable, Adaptable

## Spacefile Storage Solutions

Spacefile's Roll-Away II & III are versatile and cost-effective solutions for light load applications. A stationary row of shelving is located at the rear preceded by one or two laterally moving rows.

### Features & Benefits:

- Variety of versatile accessories including lockable options to meet virtually any security criteria
- Various shelving options available including ThinLine & LT shelving available in custom sizes, Letter or Legal files or third-party shelving vendors.
- Designed with anti-tip features
- Fully adjustable and flexible design that can be relocated, reconfigured or expanded to adapt to changing storage needs.
- Universal Demountable Track System - a fully finished floating flooring system that delivers the highest degree of modularity and flexibility in the industry.

## Roll-Away II & III

Roll-Away II and Roll-Away III storage systems remove the need for an entrance or aisle access. Ideal for Binders, filing, CD/DVDs, archive boxes or simple general storage applications. Anti-Tip devices are built into every system, making it the safest system on the market.

Designed for high traffic  
& heavy usage
