Make room for a storage revolution

Aurora is redefining high-capacity mobile storage with the E-Office Electric Mobile Storage System. E-Office is the sound choice for efficient, safe, and secure storage with the touch pad convenience of an electric system.

Expertly designed, the Aurora E-Office is a revolution in storage where technology meets simplicity. Today's storage systems demand better use of space, increased flexibility, and adaptability for future growth. E-Office is that and more. Aurora E-Office stores every imaginable item in space-efficient carriages that move with ease at the touch of a keypad. E-Office can handle books, binders, boxes, and files in 50% less space than more traditional storage systems.

So advanced, yet so simple

Technologically advanced yet extremely easy to operate, the E-Office system takes the convenience of high-density electric mobile storage to a higher level of performance. E-Office features a master control panel with a menu-driven interface that gives simple, touch-screen control for a variety of programmable functions. E-Office has plug-and-play technology which allows fast mistake free installation.

Solid state illuminated keypads move or stop carriages and indicate status with tri-color LEDs.

Highly Efficient, Expertly Designed

The design experts at Aurora create mobile storage systems that maximize your space and make your workflow more efficient. E-Office Mobile Systems have the same beautiful fit and finish on carriages, shelving, and accessories, all of which is manufactured in our plant in the U.S.

E-Office systems are customizable, with multiple features, accessories, and options to meet your unique storage and facility needs.

Master control panel with illuminated touch screen.

Easy to read menu-driven setup and operation.

COLOR AND DESIGN OPTIONS

Aurora E-Office, a mobile system expertly designed
Offers maximum storage, safety, and security with the convenience of a keyless electric mobile.

Color Options

E-Office can be ordered in twenty-nine beautiful colors in our eco-friendly Gloss-Tek powder coat.

End Panel Design Options:

End panel options include steel, laminate, fabrics, and Wood-Tek™.

Laminate End Panels

Aurora E-Office options include beautiful laminate end panels in thermal fused or high pressure laminates.

Wood-Tek End Panels

Choose End Panels crafted in Wood-Tek, a hand-finished, furniture quality cladding that comes in ten elegant stains and five species of wood. This exclusive line of wood products can also be color matched to your existing office suite.

Fabric Overlays

Enhance E-Office End Panels with luxurious commercial fabrics in a wide array of textures and colors to match your office setting.

Marker Boards

Magnetic Marker Board overlays come in three colors. Apply to end panels for a handy writing surface.

Our Environmental Pledge

We use environmentally friendly Gloss-Tek™ powder coat on our Aurora products. This finish is 100 percent non-emissive, free of formaldehyde, methanol, and other solvents; and completely friendly to artifacts, specimens, and documents.

Great storage that's good for the environment

An E-Office system not only saves floor space with its convenient, high-capacity design, it's also "green-friendly", which can count toward LEED building credits.

No wonder we say that with Aurora, any color you choose is "green."
