

EQUIPTO®

ONE DECISION • INFINITE SOLUTIONS

Our Value Proposition to Our Customers

Layout

Our professionals will go to each site and work with our customers to lay out a storage solution to help maximize storage.

Design

We will design a solution with our products to achieve the desired outcome and maximize the use of current space.

Engineering

Our engineers will provide CAD drawings and elevations for each project to ensure the customers are getting exactly what they want.

Manufacturing

We manufacture all of our products in Tatamy, Pennsylvania. We proudly stand behind the Buy American initiative and Made in America product.

Installation Services

We install all of our product with Equipto employees to provide full turn-key solutions to achieve the space solution you have desired and to ensure that your project is a positive experience.

Our New Pallet Rack Mobile Aisle System expands our mobile aisle product line

Why Equipto? company overview

Shelving

Equipto shelving systems make the job of consolidating parts storage areas much easier and more efficient. Add drawers for even greater efficiency.

Modular Drawer Cabinets

Organize your equipment and parts with an Equipto Modular Drawer Cabinet. Each cabinet is a single piece welded design with drawer capacities up to 400 lbs.

Mobile Aisles

Double your storage capacity within the same floor space with an Equipto High Density Storage System. New Pallet Rack Mobile Aisle available.

Platforms & Mezzanines

Increase your existing storage space by building up not out with an Equipto platform.

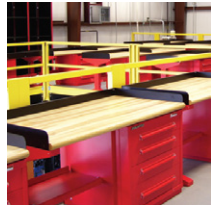

Stairways & Crosswalks

Stairways designed for OSHA, BOCA and IBC standards; catwalks, ship's stairs and ladders.

Workcenters & Workbenches

Easily make your employees more comfortable and productive with uniquely engineered workcenters.

Storage Cabinets

Equipto storage cabinets and carts feature a rugged engineered design which makes them suitable for any work environment.

Carts

Material handling carts and tool storage carts in many sizes and configurations.

Military Storage Systems

Weapons storage, CONNEX storage systems and other customized solutions.
