

# PATRIOT®

## Fully Framed Gear Locker - **WELDED**

A properly equipped double-door Patriot Gear locker can be the ideal solution for a variety of specialized storage challenges. The ample top and bottom storage areas of the 24 - 48 inch wide and 72 inch high locker leaves nearly four feet between the shelves for hanging uniforms and other gear.

- True fully framed construction offers better rigidity
- Offered in KD or Welded construction
- 4 or 6 inch high Channel Base available
- 72 or 78 inch heights available
- 18 inch depth available with 18 or 24 widths
- 24 inch depth available with 18, 24, 30, 36, 42, or 48 inch widths
- Ultra-Cremone Recessed Handle for a safer, cleaner look and less freight damage
- High degree of configurability

- Compatibility of accessories across all product lines built on the platform
- Ease and of quoting and ordering custom configurations
- Expanded metal steel sides allow for full ventilation
- Solid doors maximize strength and rigidity
- Rigid frame design does not require large frame members at top and bottom of locker resulting in more storage space inside the locker

## Fully Framed Gear Locker - WELDED

Locker Shell Ordering Guide	
1	Gear, Duty, TA50 and RRDL are ALL WITH Doors
2	Stadium and Turnout are ALL WITHOUT Door
3	Lockers over 24 inches wide are only available in 24 inches in depth
4	ALL Gear lockers come with ONLY the Ultra Cremone Recessed Handle. No other handle is available at this time.
5	All 18" wide Gear lockers are single door only. All 24" wide Gear lockers are available in both single door and double door. ALL lockers over 24" wide are Double Door and Ultra Cremone Recessed Handle ONLY.
6	Diamond Sides are NOT available for 78" high lockers
7	ALL Gear lockers are 1 Tier
8	ALL Gear lockers are 1 Wide
9	Both KD and Welded Gear lockers are available with channel base
10	Gear lockers are totally configurable, for that reason, hat shelf and coat rods need to be order separately
